The Marchant Calculator is the fastest machine on the market for multiplication, division and their combinations.

It insures accuracy for it proves each operation automatically.

It is easy to operate. Anyone can become a Marchant expert in a very short time.

The Pony Marchant is built with all the strength and precision of the Standard Marchant, is capable of the same work, in fact, embraces all the big qualities of the Standard Machine and has some special ones of its own. It is very compact, takes up very little desk-room, is light enough to be taken any place—to be used by the engineer in the field or to be handed from one desk to another in a large office. It is practically noiseless; and it has two new distinct features—one a register setting dial at the top, and an improved clearing device.

Introduction
1918

This is the thirty-first annual edition of the Oakland Directory. It represents a remarkably changed and increased population. Oakland has changed and grown more during the past year than ever before. The present population of Oakland, Berkeley and Alameda is estimated at 396,233.

The extreme difficulty of Directory making has been overcome in the production of the 1918 Oakland Directory.

The shortage of help and the high cost of labor and materials have made the work almost impossible. In anticipation of these conditions the Chicago Directory has been suspended until conditions adjust themselves, but the publishers of the Oakland Directory, with full confidence in themselves, in the work, in the city and in the people, have made a better and more accurate and complete edition than has ever been issued before.

By the use of the ditto, and by substituting B for Bkly, and A for Ala, where the town appears after a name, the publishers have been able to decrease the number of pages in this book, thereby placing more names on each page—notwithstanding the fact that this issue contains many more names than the Directory for the preceding year—and the publishers are thus able to present the work to the public in a condensed and more accessible form.

The Directory is the standard work of reference of the people. In this book they stand together, rich and poor, high and low.

Each man's progress may be followed from the yearly issues of the Directory. No other work records so clearly the changes which are continually taking place.

The Oakland Directory has had the advantages of a thorough system and complete organization, which are necessary for a work of this nature.

Directory service, too, has reached a high degree of proficiency, for in addition to furnishing a Directory of Oakland, Berkeley and Alameda, the publishers maintain a Library embracing all the principal cities of the United States, and so are prepared to furnish the names and addresses of all the people of the nation.

Very respectfully,

POLK-HUSTED DIRECTORY CO.

PHONE OAKLAND 4598
COME IN AND INVESTIGATE THIS WONDERFUL SCIENCE. IT'S A PLEASURE TO TELL YOU ABOUT IT.

The Chiropractor by manipulation and readjustment of the spine removes the cause of the disease. Thus by Natural methods health is restored. Chiropractic is Nature's way. The practice is so radically different in its operation and so marvelous in its results that no explanation is possible here. Come in and let us prove to you by the test of practice that this science is the greatest of all, securing a higher percentage of results than any other system known.

The practice is so radically different in its operation and so marvelous in its results that no explanation is possible here. Come in and let us prove to you by the test of practice that this science is the greatest of all, securing a higher percentage of results than any other system known.

906 14th Street, N. W. Cor. 14th and Market, Oakland
PHONE OAKLAND 4598
COME IN AND INVESTIGATE THIS WONDERFUL SCIENCE. IT'S A PLEASURE TO TELL YOU ABOUT IT.

The Chiropractor by manipulation and readjustment of the spine removes the cause of the disease. Thus by Natural methods health is restored. Chiropractic is Nature's way. The practice is so radically different in its operation and so marvelous in its results that no explanation is possible here. Come in and let us prove to you by the test of practice that this science is the greatest of all, securing a higher percentage of results than any other system known.

"Over the Top"
(or "Through")

I.

IN the firing line in France
When these three go "over the top"
(But that's obsolete—"go through"
Is the latest thing that they do,
The Sammy, Tommy, Poilu);
Then the Boche has a lively dance,
For the bayonet makes him prance,
And "hell begins to pop."

II.

FOR the three have sworn a swear,
As have others of less degree,
That nations that know no law
They must perish by the law,
(Such the vision the prophet saw).
So smash the Hun fleet in air,
And the trench and barbed-wire snare,
And the subs. down under the sea.

III.

THEN uphold the President's hand;
Buy Liberty Bonds galore;
Remember the Red Cross work;—
Aid victims of Teuton and Turk;—
Nor work in war garden shirk.
Let us shoulder to shoulder stand
For God and our Native Land
Till Autocracy is no more.

JUST A LINE TO TELL YOU THAT THIS INSERT WAS COMPOSED AND PRINTED by CARRUTH & CARRUTH CO., 1316 WEBSTER ST., OAKLAND.

COME IN AND INVESTIGATE THIS WONDERFUL SCIENCE. IT'S A PLEASURE TO TELL YOU ABOUT IT.

The Chiropractor by manipulation and readjustment of the spine removes the cause of the disease. Thus by Natural methods health is restored. Chiropractic is Nature's way. The practice is so radically different in its operation and so marvelous in its results that no explanation is possible here. Come in and let us prove to you by the test of practice that this science is the greatest of all, securing a higher percentage of results than any other system known.

COME IN AND INVESTIGATE THIS WONDERFUL SCIENCE. IT'S A PLEASURE TO TELL YOU ABOUT IT.

The Chiropractor by manipulation and readjustment of the spine removes the cause of the disease. Thus by Natural methods health is restored. Chiropractic is Nature's way. The practice is so radically different in its operation and so marvelous in its results that no explanation is possible here. Come in and let us prove to you by the test of practice that this science is the greatest of all, securing a higher percentage of results than any other system known.

Come in and let us prove to you by the test of practice that this science is the greatest of all, securing a higher percentage of results than any other system known.

COME IN AND INVESTIGATE THIS WONDERFUL SCIENCE. IT'S A DELIGHTFUL TREAT TO LEARN ABOUT IT.

The Chiropractor by manipulation and readjustment of the spine removes the cause of the disease. Thus by Natural methods health is restored. Chiropractic is Nature's way. The practice is so radically different in its operation and so marvelous in its results that no explanation is possible here. Come in and let us prove to you by the test of practice that this science is the greatest of all, securing a higher percentage of results than any other system known.

COME IN AND INVESTIGATE THIS WONDERFUL SCIENCE. IT'S A PLEASURE TO TELL YOU ABOUT IT.

The Chiropractor by manipulation and readjustment of the spine removes the cause of the disease. Thus by Natural methods health is restored. Chiropractic is Nature's way. The practice is so radically different in its operation and so marvelous in its results that no explanation is possible here. Come in and let us prove to you by the test of practice that this science is the greatest of all, securing a higher percentage of results than any other system known.
